

**Technical data**

Specific gravity		1.15- 1.19 g/cm3
Hardness (Shore A)		80 SHA
Tensile strength at yield		16 psi
Elongation at yield		275 %

**Main Medical Compliance:**

**None**

**Recommended Uses:**

- Extrusion
- Moulding
- Blowing

**Granule color:**

- Natural
- Red
- Blue
- White

Other: Multi- Colors

**Recommended Sterilization \*:** *\*must be validated by the customer with his sterilization cycle*

- E.O.
- Gamma radiation
- Steam

**Note:** **Soft PVC colored medical grade- LATEX Free- No BPA- No ESB RISK- Presence Phthalates (DINP 25-30%)- RoHS compliance (Directive 2011/65/EU)- SVHC list (16/06/2014)- MSDS**
